Media Associate, PMG Research Inc in Winston Salem, NC 2013-2013

In July of 2013 I transition from the IT group at PMG Research to the Marketing group. My job duties are a mix of graphic designing, TV Productions, and Audio Productions. I create templates and ads for our publications such as flyer, brochures, billboards, etc. I also create all the company TV and Radio Commercials in-house using Adobe software and professional grade audio and video equipment. Other video productions I also create are education videos for the company and informative videos about the company to help people learn and know who we are. Also still have 10% of time spent assisting the IT department with issues.

System Support Coordinator, PMG Research Inc in Winston Salem, NC 2008-2013

Support computer systems, 15 physical servers/4 VMWare Servers, technology hardware, administrate phone systems and company cell phones, printers, copiers, managing Active Directory, and network connectivity for 11 offices. Responsible for Tier 2 HelpDesk ticket issues. Train new staff on computer systems, and hardware. Point of contact for all vendor services. Manage technology resources for new offices and renovation of offices. Troubleshoot any computer / network issue that may arise. Supports all issue's that deal with technology. Assist with designing and creating media for marketing purposes.

KidSummit Production Director, The Summit Church in Kernersville, NC 2011-2013

Oversee 20 volunteers in the tech area in the Theater area of church. Create videos for services, create media for services such as slides, and design lighting looks for each aspect of the service. Lead a team of volunteers for design set props and building the props. Make sure everything is connected and patched correctly and ready to go each week for the services. Leads service walk-throughs each Sunday so that all techs, speakers, and worship leaders know their cues and to make sure that the service will run smoothly with no distractions. My goal each week it to make sure that an environment is ready for kids to come into services and learn about God in a attention grabbing and innovative way. Trains new techs on equipment in the Theater for KidSummit services. I also help in other areas when needed to run sound or lights for main service or practice. *Part Time Job*
